NAME OF CHIEF CLINICAL SUPERVISOR: Dr Malama Tafuna'i

Contact details : m.tafunai@nus.edu.ws

This elective rotation has been approved by University of Samoa, Faculty of Medicine & Tupua Tamasese Meaole Hospital.

Dr Malama Tafuna'i

**DIRECTOR, MEDICAL ELECTIVE PROGRAMME
NUS, FACULTY OF MEDICINE**

**MANAGER, CLINICAL HEALTH SERVICE
TTM HOSPITAL**

Please forward to n.muvalu@nus.edu.ws & m.faapooopo@nus.edu.ws

Also copy in S.limalaota@nus.edu.ws & m.tafunai@nus.edu.ws

Applications can take 7-21 days for processing.

Note: FOM and NHS are in the process of developing a Primary Care and Rural medicine program which should see potentially more opportunities for students to be supervised out in the rural health sector and supported to learn about the rural health and primary health care issues we face in Samoa. We are looking to confirm this being available sometime in 2017. If you have been accepted into a place and wish to see if any opportunities arise within this program in the future please contact Dr Malama Tafuna'i. However this will be made available as soon as it is up and running.
